

# Wedding Photography Packages

The packages below are designed to give you an idea of what I can offer. I am not a fan of any kind of wedding packages, as every wedding is completely different and therefore I believe that "package" should be custom-made for each wedding. If you have a different package in mind then let me know and I will be happy to provide a quote.

## Kamil Napieraj of KN Studio Photography

travels to venues nationally & internationally to photograph weddings in a relaxed, informal, stylish and unforgettable way.

### Included in the service:

### Cherish the Dress /Trash the Dress /

#### Post Wedding Session

**£290**

What if you could wear that dress just once more and create some amazing pictures that just were not practical or possible at the wedding?

Imagine walking through an English country woodland and lying down amongst the flowers or taking a stroll along a deserted beach front and ending up dancing in the waves. Maybe you'd prefer a more industrial background with old buildings crumbling around the edges surrounding you. Think along these lines and that's what Trash the Dress is all about.

Four hours session.

Password protected Internet Gallery.

High resolution CD with full print license and 20 images.

30% discount and additional 10 pages to your wedding album when booked with the wedding package.

Gift Vouchers available.

A non-refundable deposit of 30% is required to confirm booking. The outstanding balance is payable 1 month before your wedding.
